Now I am going to ask you some questions about the consumption of your household. First, for each one of the following food items, we want to know about consumption of the item that took place within your household. We are also not asking about expenditure, but rather we want you to value the actual amount that you and your household consumed in the past 7 days. For example, imagine that your household purchased a bag of rice 7 days ago for 4000 USH. If your household has not yet consumed any of it, then the consumption value of this rice would be 0. If your household has consumed half of the bag, then the consumption value would be 2000 USH. Your consumption calculation should also include items that were produced at home, or given to your household as gifts.

	Q32:	Q33:	Q34:

Group Participation

Read: Thank you. Now I would like to ask you about any groups in which you are involved. These include formal groups that have meetings, but also informal groups where you happen to meet with someone unannounced.	
Q266: How many community groups are you a currently a member of, participate in, interact with, or volunteer for?	___ groups
Q267: A number of the youth in our study were part of groups that applied for funding from the NUSAF Youth Opportunities Program (YOP). Our records indicate that you are one of these youth. Are you still working with the youth group who you applied for NUSAF YOP funding with?	1. Yes 0. No → Q270
Q268: What kind of work are you doing with this youth group?	

Q269: How often do you come together to work with this group?	1. Daily 2. Once or twice a week 3. Once or twice a month 4. A few times a year 5. Once a year 6. Less than once a year 7. Never
Q270: Do you still consider yourself a member of this youth group who you applied for funding with?	1. Yes 0. No 97. Don't know
Q271: On a scale of 1-10, with 1 being very bad, and 10 being very good, how would you rate the current quality of cooperation of this group?	--
Q272: Do not read: Did this group receive funding from NUSAF YOP?	1. Yes → Q273 0. No
(b) DO NOT READ: Are you absolutely certain that this group DID NOT receive funding from NUSAF YOP?	1. Group was not funded → next section 2. Group received funding
Read: If you recall earlier, we asked your group some questions about the number of group members and the size of the NUSAF grant that the group received. We would now like to ask you about how the NUSAF grant was shared across group members. This information will help us understand if more initial benefit leads to a greater long-term benefit, or if the amount of the grant that an individual receives is not related to their later success.	
Q273: Do you feel that the number of people listed as part of the group at the time the grant was received is accurate? If not, is it too long a list or too short a list?	1. Yes, accurate → Q275 2. Too long of a list → Q274 3. Too short of a list → Q274
Q274: To the best of your memory, how many individuals were actually in your group at the time that the YOP cash grant was received?	__ __ __ group members
Q275: If split equally, with [say group size] group members and a grant size of [say grant size], each group member would have received the following amount in UGX: [say average grant size, which is equal to grant size / group size] UGX. We call this the average amount that each group member would have received if the grant was split equally. DO NOT READ: Record the average amount in the box to the right.	____ _ UGX per group member

<p>Q276: Now, think back to the time when the grant was received. Remember that if we equally split the total grant you received from NUSAF to all your group members, the average grant size will be [say figure from Q275]. This means that if we are to convert all the project benefits that your group received (such as cash, assets, training etc) in monetary terms, each individual should have gotten an average benefit of [repeat figure in Q275]. It is possible that all your group members got about the same but it is possible that some members got more or less. Now we would like you to tell us if each of the following group members that I am going to list received:</p> <p>(1) None of the grant (2) Less of the grant than average (3) Average (4) More of the grant than average (5) All of the grant</p> <p>Additionally, for each of these individuals, please let us know if they received any training, assets or cash as a direct result of the grant.</p>	<p>a. Chairperson: __ / T: __ / A: __ / C: __ b. Vice-chairperson: __ / T: __ / A: __ / C: __ c. Treasurer: __ / T: __ / A: __ / C: __ d. Secretary: __ / T: __ / A: __ / C: __ e. Respondent: __ / T: __ / A: __ / C: __ f. Sample individual 1: __ / T: __ / A: __ / C: __ / ID: __ g. Sample individual 2: __ / T: __ / A: __ / C: __ / ID: __ h. Sample individual 3: __ / T: __ / A: __ / C: __ / ID: __ i. Sample individual 4: __ / T: __ / A: __ / C: __ / ID: __</p>
<p>Q277: If you put together all of the benefits from training, assets, and cash, how many of the [say group size] group members received less than UGX 50,000 in total?</p>	<p>__ __ __ group members</p>
<p>Q278: How much of the grant was diverted by fellow group members for non-project related purposes? By diverted, we mean money that was not spent on project activities, such as training or assets, to benefit the group.</p>	<p>__ __ __ __ __ __ __ __ UGX</p>

<p>Read: We are almost done with the interview, and we appreciate your patience. In this last question, we will play a fun exercise that involves a payout with real money. We will ask you to choose between two options involving different amounts of money. One option will be to receive an amount of money without any uncertainty. The other option will be to play a game of labyeka, where you can either win more money or less money than in the first option. Labyeka is a child's game you may remember. In the activity, I have a stone in one hand, and you do not know which hand. You must then guess the hand with the stone. If you guess correctly, you win. If you do not guess correctly, you lose.</p> <p>Once again, this is not our personal money.
